What is ceremonial cacao?

Ceremonial cacao is more than just a drink, it is a sacred plant, used for thousands of years for its heart-opening energy and its deep ability to reconnect us to ourselves, to others, and to the Earth.

Pure, alive, and prepared with ancestral wisdom, it accompanies moments of meditation, reflection, celebration, and emotional healing.

Comptoir Des Epices Madagascar & Mada Organic

Rooted in legacy. Crowned with love. Offered in truth.

Born in Madagascar into a lineage of healers, energy workers, and women of plant wisdom, our founder carries the ancestral knowledge of a land where nature and spirit are deeply intertwined.

After more than 20 years in real estate and tourism on the French Riviera and in Monaco, she followed an inner calling.

In 2018, she journeyed to Tchetenizhe, Mexico, to meet the guardians of the sacred cacao tradition.

There, in the heart of ritual and reverence, ancient teachings were exchanged not as a transaction, but as a transmission.

A weaving of lineages, honouring both the Malagasy soil and the Mesoamerican spirit.

At Comptoir Des Epices Madagascar and Mada Organic, we are more than a brand.

We are a solidarity-driven movement, supporting women, protecting biodiversity, and sharing rituals that nourish both body and soul.

It's a movement of ritual, remembrance, and reverence.

This is our offering. This is our calling.

Welcome to the circle.

In 2013, she founded MADA Charity, a non-profit organisation dedicated to education, environmental stewardship, and rural development in Madagascar.

Each cacao carries a purpose.

With every sip, you honour life.
